Kayley's Christmas Chronicles Book Launch

Kayley's Christmas Chronicle is a story poem about how one little girl decides to bring some cheer and a smile to her neighbourhood amidst the lockdown of Christmas 2020.

The world is in the grasp of a global pandemic, COVID 19. Most countries around the world are witnessing the devastating consequences of this terrible virus. People are locked up in their homes and there is little to do but watch television, read or scroll on the screen.

At such a time, Kayley and her mother, Heather set out to engage themselves creating easy recipes, fun crafts and having lots of laughs.

They both realise what a wonderful thing it is to be able to create and spread the joy to people who may not be as lucky as they are. Both Kayley and Heather hope that Kayley's Chronicle will help set a trend where one small deed can bring a smile to someone's life.
